

1. Monthly View.png

Description:

“Monthly calendar visualization of routine and productivity workflow. Shows long-term scheduling, recurring study, trading, and reflection blocks. Useful for planning, tracking progress, and ensuring all courses and life priorities are balanced over the month.”

This screenshot shows a Google Calendar monthly view for February 2026. The calendar is set to 'Month' view and displays the entire month from Sunday, February 1st, to Saturday, February 27th. The agenda includes various recurring events such as 'Cybersecurity Study' at 5:15am, 'Data Analysis Study' at 7am, and 'Prep for Pre-Market An' at 8:50am. It also features daily routines like 'Wake up & Refresh' at 4:30am and 'Breakfast & Hydrate' at 4:45am. Work sessions are marked with blue icons, while personal and study time are marked with orange and yellow icons. The sidebar on the left shows the user's calendars, including 'My calendars' (Leon Wesonga, Birthdays, Tasks) and 'Other calendars'. The bottom of the screen has a 'Terms - Privacy' link.

2. Weekly View.png

Description:

Weekly schedule of my productivity and learning routine. Highlights recurring events for each day, including deep study sessions, trading pre-session analysis, and life-building activities. Helps track consistency and maintain a balanced workflow across the week.”

This screenshot shows a Google Calendar weekly view for February 2026, spanning from Sunday, February 1st, to Saturday, February 7th. The view is set to 'Week' mode and provides a detailed look at the user's daily routine. Each day is filled with a variety of scheduled events, including 'Prep for Pre-Market An' at 8:50am, 'Morning Pre' at 9:30am, 'Snack + Mental Reset' at 9:30am, 'Execute Trades' from 10-11am, 'Software Engineering Study' from 11am-1pm, 'Lunch / Rest' from 1-2pm, 'Afternoon Pre-Session Analysis' from 2-4pm, 'Workout / Gym / Outdoor Activ' from 2-4pm, 'Project Work / Labs / Skill Reinforcement' from 4-5:30pm, 'Dinner / Unwind' from 5:30-6:30pm, 'Sunset Watch + Reflection / Jo' from 6:30pm, 'Optional Skill Reinforcement / Life Building' from 7-8:30pm, 'Go Out / Social / Chill' from 8:30-9:30pm, and 'Wind Down / Prep for Bed' from 9:30-10pm. The sidebar on the left shows the user's calendars, including 'My calendars' (Leon Wesonga, Birthdays, Tasks) and 'Other calendars'. The bottom of the screen has a 'Terms - Privacy' link.

3. DailyView.png

Description:

Visual overview of my daily routine in Nairobi time, aligned with sunrise (~6:20 AM) and sunset (~6:50 PM). Shows study blocks for Cybersecurity, Data Analysis, and Software Engineering, pre-session analysis times, trading session, workout, sunset reflection, and social/life activities. Color-coded by activity type for glance reference.
